# International Dues Discount Extension

## MISSION

“To advance the broader chemistry enterprise and its practitioners for the benefit of Earth and its people.”

## DIVERSITY

Lower international purchasing power limits our diversity.

## NETWORK

Recognize the importance of connections to the global chemistry enterprise.

## BENEFITS

Traditional membership benefits are either lacking or less significant.

## For Council Action

MAC moves to extend the provision of the international dues discount test based on World Bank country income levels for an additional three years (August 2019 – August 2022).
