

How do I classify courses?

Introductory courses

- General Chemistry
- Required for majors

Other courses

- Gen ed requirements
- Non-majors courses
- Anything else taught by chemistry faculty that isn't required for majors

Physics & Math

- Only courses required for majors

Foundation courses

First course beyond gen chem that focuses on:

- ABIOP
 - Analytical
 - Biochemistry
 - Inorganic
 - Organic
 - Physical
- Areas can be covered in a single course or distributed
- Does NOT use a gen chem textbook

In depth courses

- Foundation course prerequisite OR
- In depth course prerequisite
- Not a capstone course
- Standalone labs ONLY if they
 - Meet ≥ 6 hours per week
 - Follow a CURE model

What about labs?

Courses with coupled labs

Example: 4 credit organic course that meets 3 times per week for lecture and 3 hours per week for lab

Enter the lecture part and the lab part separately

Example:

CHEM231 Organic Chemistry I **3 credits**

CHEM231L Organic Chemistry I Lab **1 credit**

Separate courses for lecture and lab

Enter the each course separately
