

ACS STRATEGIC PLAN*

Vision

Improving people's lives through the transforming power of chemistry

Mission

Advancing the broader chemistry enterprise and its practitioners for the benefit of Earth and its people

Core Values

- Passion for Chemistry and the Global Chemistry Enterprise
- Focus on Members
- Professionalism, Safety, and Ethics
- Diversity, Inclusion, and Respect

Goals

2020 Highlights

01 GOAL 1

Provide Information Solutions

02 GOAL 2

Empower Members and Member Communities

03 GOAL 3

Support Excellence in Education

04 GOAL 4

Communicate Chemistry's Value

-  24 international chemical sciences chapters, 32 technical divisions, 185 U.S. local sections
-  60+ peer-reviewed journals
-  85 countries (scientists, patent professionals, and business leaders) rely on CAS solutions
-  6,700+ members of the American Association of Chemistry Teachers
-  11,000+ economically disadvantaged high school Project SEED participants since 1968
-  152,000+ members worldwide
-  155+M journal articles disseminated annually worldwide
-  159+M unique organic & inorganic substances disclosed in the literature since the early 1800s
-  \$617+M in PRF research grants awarded since 1953
