Check out the ACS Webinar Library!

An ACS member exclusive benefit

Hundreds of presentations from the best and brightest minds that chemistry has to offer are available to you on-demand. The Library is divided into 6 different sections to help you more easily find what you are searching.

Professional Development

Learn how to write better abstracts, deliver more engaging presentations, and network to your next dream job. Brush up on your soft skills and set a new career path by mastering what can not be taught in the lab.

Technology & Innovation

From renewable fuels to creating the materials for the technology of tomorrow, chemistry plays a pivotal role in advancing our world. Meet the chemists that are building a better world and see how their science is making it happen.

Drug Design and Delivery

The Drug Design Delivery Series has built a collection of the top minds in the field to explain the mechanics of drug discovery. Discover the latest research, receive an overview of different fields of study, and gain insight on how to possibly overcome your own mad chemist roadblocks.

Culinary Chemistry

Why does food taste better when it is grilled or what molecular compounds make a great wine? Discover the delectable science of your favorite food and drink and don’t forget to come back for a second helping.

Popular Chemistry

Feeling burdened by all that molecular weight? Listen to experts expound on the amazing side of current hot science topics. Discover the chemistry of cocktails, how viruses have affected human history, or the molecular breakdown of a hangover.

Business & Entrepreneurship

How do ideas make it from the lab to the real world? Discover the ins and outs of the chemical industry whether you are looking to start a business or desire a priceless industry-wide perspective.

https://www.acs.org/content/acs/en/acs-webinars/videos.html

Learn from the best and brightest minds in chemistry! Hundreds of webinars on diverse topics presented by experts in the chemical sciences and enterprise.

Edited Recordings are an exclusive ACS member benefit and are made available once the recording has been edited and posted.

Live Broadcasts of ACS Webinars® continue to be available to the general public several times a week generally from 2-3pm ET!

A collection of the best recordings from the ACS Webinars Library will occasionally be rebroadcast to highlight the value of the content.

ACS Career Navigator: 
Your Home for Career Services

Whether you are just starting your journey, transitioning jobs, or looking to brush up or learn new skills, the ACS Career Navigator has the resources to point you in the right direction.

We have a collection of career resources to support you during this global pandemic:

- Professional Education
- Virtual Career Consultants
- ACS Leadership Development System
- Career Navigator LIVE!
- ChemIDP
- College to Career
- ACS Webinars
- Virtual Classrooms

ACS Department of Diversity Programs

Advancing ACS's Core Value of Diversity, Inclusion & Respect

We believe in the strength of diversity in all its forms, because inclusion of and respect for diverse people, experiences, and ideas lead to superior solutions to world challenges and advances chemistry as a global, multidisciplinary science.

SCIENCE AS A DIPLOMATIC TOOL

FREE Webinar | TODAY at 11am ET

THIS ACS WEBINAR WILL BEGIN SHORTLY...

Science as a Diplomatic Tool

Vaughan Turekian
Executive Director, National Academies' Policy and Global Affairs Division

Peter Hotchkiss
Senior Science Policy Officer, Organisation for the Prohibition of Chemical Weapons

Zafra Lerman
President, Malta Conferences Foundation

Lori Brown
Senior Manager, Global Outreach, American Chemical Society

Presentation slides are available now! The edited recording will be made available as soon as possible.

www.acs.org/acswebinars

This ACS Webinar is co-produced with ACS External Affairs & Communications.
How familiar are you with today’s organizations?

- I am unfamiliar but eager to learn
- I am somewhat familiar with one or more
- I am very familiar with one or more
- I have collaborated with one or more
- I am or was part of one or more

*If your answer differs greatly from the choices above tell us in the chat!
The Nobel Prize in Chemistry 1995

Paul J. Crutzen
Prize share: 1/3

Mario J. Molina
Prize share: 1/3

F. Sherwood Rowland
Prize share: 1/3

The National Academies of
SCIENCES • ENGINEERING • MEDICINE

The Montreal Protocol
Kigali, Rwanda

The National Academies of
SCIENCES • ENGINEERING • MEDICINE
Who works in science diplomacy? (Select all that apply)

- Researchers
- Foreign service officers
- Professors
- Nonprofit employees
- None of the above

*If your answer differs greatly from the choices above tell us in the chat!*
Science as a Diplomatic Tool

Presentation slides are available now! The edited recording will be made available as soon as possible.

This ACS Webinar is co-produced with ACS External Affairs & Communications.

Bahrain, Egypt, Iran, Iraq, Israel, Jordan, Kuwait, Lebanon, Oman, Palestine, Qatar, Saudi Arabia, Syria, Turkey, United Arab Emirates, Morocco, and Pakistan.
The Malta Conferences are designed to:

- Provide a forum where scientists from 15 Middle East countries, whose governments are often hostile to one another, can explore what unites them rather than what separates them
- Provide a forum that requires cooperation among the partners to solve regional problems
- Reduce the level of personal animosity and the tendency to demonize the unknown other
- Catalyze enduring collaborations on water, energy, education, chemistry safety and security, and nanotechnology

“We can all agree with science being limitless, borderless, country-less, genderless… [it’s] just science.”

-Ada Yonath, Nobel Laureate
Malta Participant
Dignitaries Attending the Malta Conferences

Dr. George Abela
President of the Republic of Malta
Malta VI

Marie Louise Coleiro Preca
President of the Republic of Malta
Malta VIII

Irina Bokova
Director-General of UNESCO
Malta V

HRH Prince Hassan of Jordan
Malta IV

Dr. George Vella
President of the Republic of Malta
Malta IX

OUTCOMES

• Jordan, Palestine, Israel, Egypt and Kuwait formed a working group on Drinking Water Quality Assessment in the Middle East.

• Alazhar University (Gaza) and Technion (Israel) collaborated on testing and cleaning the water in Gaza.

• Bethlehem University in Palestine and the Weizmann Institute in Israel received a grant for a water purification project.

• Palestinians pursued their PhD studies at the Weizmann Institute, as a result of the Malta Conferences.

• Nobel Laureate, Y T Lee, extended six 1 year Fellowships to young scientists from the Middle East to come to work on the Synchrotron in Taiwan so that they could participate in SESAME in Jordan.

• The Middle East participants of the Malta VIII Conference unanimously adopted a resolution written by participants from Israel and Gaza calling on world governments to address the critical shortage of clean drinking water in the Gaza Strip.
THANK YOU VERY MUCH!
Find out how you can help in using science diplomacy as a bridge to peace in the Middle East.
