*An ACS member exclusive benefit*

Hundreds of presentations from the best and brightest minds that chemistry has to offer are available to you on-demand. The Library is divided into 6 different sections to help you more easily find what you are searching.

- **Professional Development**
  - View the Collection
  - Learn how to write better abstracts, deliver more engaging presentations, and network to your next dream job. Brush up on your soft skills and set a new career path by mastering what can not be taught in the lab.

- **Technology & Innovation**
  - View the Collection
  - From renewable fuels to creating the materials for the technology of tomorrow, chemistry plays a pivotal role in advancing our world. Meet the chemists that are building a better world and see how their science is making it happen.

- **Drug Design and Delivery**
  - View the Collection
  - The Drug Design Delivery Series has built a collection of the top minds in the field to explain the mechanics of drug discovery, discover the latest research, receive an overview on different fields of study, and gain insights on how to possibly overcome your own medchem roadblocks.

- **Culinary Chemistry**
  - View the Collection
  - Why does food taste better when it is grilled or what molecular compounds make a great wine? Discover the delectable science of your favorite food and drink and don’t forget to come back for a second helping.

- **Popular Chemistry**
  - View the Collection
  - Feeling burdened by all that molecular weight? Listen to experts expound on the amazing side of current hot science topics. Discover the chemistry of radices, how viruses have affected human history, or the molecular breakdown of a hangover.

- **Business & Entrepreneurship**
  - View the Collection
  - How do ideas make it from the lab to the real world? Discover the ins and outs of the chemical industry whether you are looking to start a business or desire a priceless industry-wide perspective.

A Career Planning Tool For Chemical Scientists

ChemIDP is an Individual Development Plan designed specifically for graduate students and postdoctoral scholars in the chemical sciences. Through immersive, self-paced activities, users explore potential careers, determine specific skills needed for success, and develop plans to achieve professional goals. ChemIDP tracks user progress and input, providing tips and strategies to complete goals and guide career exploration.

Today’s Agenda

• Defining Business Acumen
• Core Elements of Business Acumen
• Why is Business Acumen Important
• How to Develop/Enhance Business Acumen
Defining Business Acumen

• Originally valued by only ‘C-level’ professionals
• In today’s market, crucial for all
• Find leadership at all levels of an organization

Defining Business Acumen

• “Ability to make effective business decisions very, very quickly”
  (Isaiah Hankel, Cheeky Scientist Founder & CEO)
• Recognize and be able to create a larger picture
• Understand multiple areas of organization (as well as their relation), not just your niche
• Solve problems to move business forward
Defining Business Acumen

• Ability to foresee issues and mitigate them
• Awareness of consequences yet taking planned risks anyway
• Ability to make and stick to decisions...
• ...Yet to move away from them quickly if they don’t turn out as expected

“Understand where the organization is going, what strategy it’s using, what financial targets it has, and your role in helping it move forward”
(Susan Colantuono, CEO of Leading Women)
• Ability to make quick, excellent decisions based on your product and market knowledge
Defining Business Acumen

• Speed
• Wisdom
• Business strategy/success
  ...Not about relationship building, collaboration, etc.

Audience Survey Question
ANSWER THE QUESTION ON BLUE SCREEN IN ONE MOMENT

Why is business acumen important? (Select all that apply)

• Builds significant relationships at work
• Helps you slow down the decision making process
• Shows you can be trusted
• None of the above
Why is Business Acumen Important

- Lack of causes employees to make uniformed decisions
- Slows down process if afraid of making the wrong choice
- Shows you can be trusted!
- Demonstrates trust
- Creates a more connected organization

Why is Business Acumen Important

- Every employee should have the ability to think like a ‘boss’ or ‘owner’ in order to create a successful business for all
- Culture is unpredictable & thus volatile so all must be leaders
- Crucial for promotion
- Growth mindset (personal & organizational)
Business acumen includes which of the following core elements?

- Transferable skills such as organization, consensus building, and negotiation
- Ability to deal with and understand complexity and uncertainty
- Skill of leveraging relationships to solve problems
- Facility to create and need to have closure

Core Elements of Business Acumen

Business Acumen is NOT:

- Being organized
- Building consensus
- Ability to negotiate
- Communication aptitude
- Propensity for utilizing personnel well
Core Elements of Business Acumen

**Business Acumen is:**
- Ability to deal with and understand complexity and uncertainty
- Transferable skills of product knowledge, market awareness, trend familiarity
- Financial literacy
- Organizational knowledge
- Understanding of customers and other stakeholders

Core Elements of Business Acumen

**Business Acumen is:**
- Ability to leverage business knowledge to execute strategy
- Being comfortable with ambiguity
- Self-awareness
- Capacity to link cause and effect
- In other words, many skills scientists already have!
Core Elements of Business Acumen

- **Finance** – balance sheet, income statements, cash flow reports, P&L (profits/losses)
- **Marketing** – brand awareness, sales alignment, social media, digital re-marketing
- **Operations** – supply chain, customer focus, quality control
- **Data science** – simulations, statistical-based strategic tactical decisions, prediction and causality

Developing Business Acumen

- **Business Acumen is not innate**
- **Takes work, curiosity, and ability to learn**
  - Formal training
  - Enhancing awareness
Developing Business Acumen

• Continue to hone analytical abilities (but also incorporate financial/business side)

• Enhance logical thinking (‘so what?’)

Developing Business Acumen

• Read and develop understanding of strategic reports
• Follow industry and market trends (5-10 years)
• Research competitors
• See both the individual parts and the whole
• Foster trust of your customers and let them guide you (ROI)
Developing Business Acumen

- Ask questions (again, something scientists are great at)
- Request judicious feedback
- Learn with urgency
- Sit in on company’s quarterly earnings calls
- Sit in on competitors’ quarterly earnings calls, too! (seekingalpha.com)

Developing Business Acumen

- Create a business library of books and resources
- Follow business current events
- Read business news
- Attend Business school
- Take online classes
- Participate in business simulations/conferences
- Join chat rooms
Developing Business Acumen

- Obtain a mentor on the business side of the organization
- Acquire temporary work assignments/projects
- Merge financial impact data into current duties and results
- Find opportunities to speak where you can articulate and share the bigger picture of your work

Audience Survey Question

ANSWER THE QUESTION ON BLUE SCREEN IN ONE MOMENT

What are you going to do to build or enhance your business acumen skills?

- Go to ‘B’ school
- Read strategic reports
- Find a mentor
- All of the above
- Other (Let us know more in the chat)
Final Thoughts

• Just ‘knowing’ it doesn’t mean you have it
• Calculated risks often lead to failure (but fail fast)
• “Sometimes you win, sometimes you learn.” (John C. Maxwell)
• It may not be easy, but it’s worth it!
