You may attach additional pages if necessary.
1. List the academic degrees you have earned, the dates, and institutions.

2. List any institutes or workshops that you have attended over the last ten years.

3. List the courses you have taught, the dates, and institutions.
4. What is your knowledge level and ability in the different areas of chemistry?

5. Describe your experience organizing workshops, performing presentations, or otherwise working with your colleagues.

6. Describe your work with highly motivated, competitive students.
7. Describe your experience teaching the laboratory component of your curriculum.

8. Explain why you are interested in being a mentor for the U.S. National Chemistry Olympiad program.

9. Explain what experience have you had working with other cultures outside of the US?
