The 2021 Project SEED Virtual Summer Camp is looking for Volunteers! We have three volunteer opportunities available.

**CAMP DATES: JUNE 21 - JULY 30**
The Virtual SEED program was excellent. I believe that these students are better equipped to advance in their education and chemically-based career aspirations.

-2020 Camp Manager

More Information

CAMP MANAGER
- Oversee 3-4 cabins (each cabin is run by 2 cabin leaders)
- Host one camp meeting per week and assist cabin leaders with any needs that arise

MENTOR
ADOPT-A-CABIN
New this year!
- Mentors will work closely with a small group of 6-10 students (cabin).
- Share research, teach students how to read and analyze research publications, "tour" the lab, build relationships, etc.
- Approach this opportunity with the idea that students will present the information they have learned at the end of the summer.

SPEAKER
Possible presentation topic areas:
- Research seminar
- Professional development
- College readiness
- Careers in chemistry
- Engagement Recommendations
- Polls
- Breakout rooms
- Video clips
FAQ

Q: Can I volunteer in more than one way?
A: Yes! Use the table above to help you determine which time commitments are best for your summer schedule.

Q: Will there be training?
A: Yes! We will provide training for camp managers on student engagement, Zoom, working with cabin leaders, etc. We will also provide a short training session for mentors.

Q: Will staff work with speakers before their presentation?
A: Yes! We will meet with you ahead of time to review your presentation, engagement tools, and ensure it is at a level high school students can engage with.

How to Apply

• Choose the volunteer opportunities that interest you (may choose more than one)
• Let us know the ideas you have for student engagement
• Choose your comfort level in using technology such as Zoom
• Let us know any additional questions you have

Apply at:

Deadline is April 30, 2021
