January 20, 2022

*Mark Jones seems a bit bemused about why our 'generally anti-chemical society' largely gives road salt a pass, given its environmental impact. While he's not ready to kick road salt to the curb, he does share several suggestions for our public works about how to apply it more judiciously.*

*In this week's One-Minute Mentor, ACS President-Elect Judy Giordan explains why trust in the workplace is so integral to your success, and that of your organization. Judy provides an expansive definition of trust and poses a series of questions—the answers to which will reveal how trustworthy you are.*

*On the Road Again is courtesy of AI Ribes, Core R&D Global Learning Leader, with Dow. AI selects a dark-horse ACS meeting site as his favorite, and shares a suggestion for making sure that you have something to wear if you and your luggage get separated.*

*We are reprising a piece from last year on how including the right non-technical skills can differentiate your résumé. Four ACS Career Consultants tell you how to do it.*

## 2022 Heroes of Chemistry Nominations

[Less than 1 Month to Nominate for 2022 Heroes of Chemistry!](#)

Nominations for the ACS Heroes of Chemistry Awards are open now through February 1! The Heroes of Chemistry Award is one of the highest honors ACS gives to industrial chemists, recognizing teams whose work and research led to the development of successfully commercialized products benefiting humankind.

Any private or publicly owned for-profit company may nominate a team of chemists or allied scientists who played a vital role in the research and development of a commercial product that has had an impact on the welfare and progress of humanity. Nominating companies may choose to include individuals from other companies, government or academic labs, incubators, or other organizations as members of the teams they nominate. Former and deceased employees are eligible to be included in the nomination. The company nominating the technology must be the current owner of the technology. Celebrate your company's hard work and success in innovation – [nominate today!](#)

## ACS Spring 2022 Registration NOW OPEN

Register and join the global chemistry community for the hybrid **ACS Spring 2022**, March 20-24, in San Diego, CA, or virtually. The theme, Bonding Through Chemistry, will be at the core of programming for the hybrid event. Explore the Schedule-at-a-Glance to find the overall meeting schedule, including hybrid, in-person, and live virtual sessions information. [Register today!](#)

ACS Spring 2022 will be a **mask and vaccination required event for all** attendees, exhibitors, vendors, and ACS staff who plan to participate in person in San Diego, CA. **All individuals will need to be fully vaccinated by March 6, 2022.** Hybrid registrants will need to provide a mobile number during registration to complete the proof of vaccination process. Visit the [ACS website](#) for detailed information about the requirements and ACS safety measures.

Don't forget to **book your housing** by **February 25, 2022**, and receive exclusive rates and benefits by booking your stay through ConferenceDirect, the official housing service provider for ACS Spring 2022 in San Diego, CA.

### Now Accepting Abstracts for ACS Fall 2022

**Submit your abstracts** for oral and poster presentations for ACS Fall 2022. The theme, Sustainability in a Changing World, will be at the core of programming. Sessions for the hybrid meeting will be held in Chicago, IL, and virtually, August 21 - 25, 2022. Those who wish to submit an abstract will have the option of selecting a virtual or in-person presentation during abstract submission.

Visit the [website](#) to find a list of the programming divisions and planned symposia open for submissions.

**The deadline to submit abstracts is Monday, March 14.**
