ACS Industry Matters is now a monthly newsletter! We look forward to bringing you new content each month that highlights the important role of industry chemists and includes expert advice on succeeding in a dynamic and challenging environment.

This month, we go behind the scenes of process safety at BASF with chemical engineer Monir Ahammad. Industry veteran and ACS Board Member, Christina Bodurow also shares a few words of wisdom.

Explore more below!

BRIDGING TECHNOLOGY

Monir Ahammad shares how chemical engineers improve civilization in a variety of ways. Go to Article

ONE MINUTE MENTOR

Christina Bodurow tells us to embrace career challenges, rather than fear them. Go to Article
CAREER PERSPECTIVES

Bill Carroll provides advice on how to determine when it is the right time to leave a job or project.

MORE FROM ACS

Attend an ACS Regional Meeting this Fall

ACS Regional Meetings are organized by ACS Local Sections and reflect the diverse professional interests in their geographic regions. These meetings feature excellent technical programs, poster sessions, expositions, and social events, giving attendees an opportunity to network with their peers and stay up to date on current research in their locality.

- **Northeast** | October 2 – 5 | Rochester, NY
- **Midwest** | October 19 – 21 | Iowa City, IA
- **Southeastern** | October 19 – 22 | San Juan, PR
- **Western** | October 19 – 22 | Las Vegas, NV
- **Southwest** | November 6 – 9 | Baton Rouge, LA

We hope to see you at one (or more) of the ACS Regional Meetings in 2022!
