

## How to clear Chrome cache

The fastest way to clear your cache is to use following shortcut: **[CTRL] + [SHIFT] + [DELETE]**. Or to manually clear your cache, please follow the instructions below:

- On your computer, open Chrome.
- At the top right, click More **⋮**.
- Click **More tools** > **Clear browsing data**.
- At the top, choose a time range. Preferably last 7 days.
- Next to "Cookies and other site data" and "Cached images and files," check the boxes.
- Click Clear data.

## How to clear Firefox cache

- Click the menu button  and select Options.
- Select the Privacy & Security panel.
- In the Cookies and Site Data section, click Clear Data....
- Remove the check mark in front of *Cookies and Site Data*.
- With *Cached Web Content* check marked, click the Clear button.
- Close the *about:preferences* page. Any changes you've made will automatically be saved.
