Introduction

The ACS Governing Documents (Bulletin 5), in force as of May 1, 2017, contain the Charter, Constitution, Bylaws, and Regulations of the American Chemical Society (http://www.acs.org). The Supplementary Information, which includes the Volunteer/National Meeting Attendee Conduct Policy, is directly related to the contents of, but not considered one of the official governing documents.

The online version of Bulletin 5 (http://www.acs.org/bulletin5) is the authoritative version because it is updated throughout the year as needed. It allows users to search (control-f) for words or phrases, use bookmarks for navigation, print the entire work or selected page(s), and/or copy and paste the entire work or excerpts as you wish.

Dates in parentheses indicate the effective date of the wording. In some cases, changes from prior versions are only slight. Changes in numbering only are not dated. Where no dates appear, the effective date is January 1, 1948.

In certain sections it is necessary to differentiate between members, MEMBERS, and STUDENT MEMBERS. The word in lowercase letters (members) includes both MEMBERS and STUDENT MEMBERS. When all capital letters are used (MEMBERS or STUDENT MEMBERS) this indicates only one group or the other.

Summary of Changes to this Edition of Bulletin 5

Changes to the Regulations, as noted below, are in force as of May 1, 2017. The actions that effected the changes are cited below. For the full text of the changes, see the Change Document that is posted online at http://www.acs.org/bulletin5.

Sec. 2.

The Bylaws may be amended by the Council in the manner provided in the Bylaws. The Board of Directors shall confirm or reject each such amendment within ninety days. (7/17/68)

ARTICLE XVIII
Amendments to the Constitution

Section 1.

Any petition for amendment of this Constitution and the reasons therefor shall be submitted in writing to the Council, through the Executive Director of the SOCIETY, over the signatures of not fewer than 10 voting Councilors or not fewer than 25 members of the SOCIETY. The petition may include a recommended effective date. (11/23/71)

Sec. 2.

a. Each petition for amendment shall be considered for the first time at that meeting of the Council which follows by not less than sixteen weeks receipt of the petition by the Executive Director of the SOCIETY. The Executive Director shall refer the petition to the Committee on Constitution and Bylaws and, with the advice of the Council Committee on Committees, to other appropriate Elected and/or Standing Committees of the Council and/or Society Committees. One committee shall be designated as having primary substantive responsibility. The substance of the petition shall appear on the open meeting agenda of these Committees for discussion, and the petition shall appear on the Council agenda for consideration. Except as provided below, the petition shall not be voted on at the first Council meeting at which it is considered. (11/12/79)

b. Within thirty days following the Council meeting at which a petition was presented for consideration or was acted upon by recommittal to the committee with primary substantive responsibility or referral to other committee(s), an original petitioner or the chair of the committee assigned primary responsibility for substantive review may notify the Council Committee on Constitution and Bylaws, through the Executive Director, of a recommendation that the petition be withdrawn. If the Committee on Constitution and Bylaws concurs, then not less than twelve weeks prior to the Council meeting next following, the Committee on Constitution and Bylaws shall report its recommendations and rationale to the Executive Director of the SOCIETY who shall transmit them to each petitioner. A signed request for withdrawal must be received by the Executive Director at least eight weeks prior to the Council meeting for a petitioner’s name to be removed from the list. If the number of remaining petitioners falls below 50 percent of the original number, and if this remaining number no longer satisfies the requirements specified in Section 1 of this Article, the petition shall be considered withdrawn and shall not be included for action in the agenda of the Council meeting. (11/14/84)

c. Not less than twelve weeks prior to the Council meeting next following that at which the petition was first considered, the Committee on Constitution and Bylaws shall report its recommendations to the Executive Director of the SOCIETY who shall transmit them to the petitioners directly or, if more than 50 signatures appear on the petition, through the official organ of the SOCIETY. The form of the petition so recommended shall be placed on that next Council agenda for vote, and shall stand in place of the original petition. The original petition, unchanged or modified to include any of the recommended changes only, also shall be placed on the Council agenda should such a request be received from a majority of the petitioners not later than eight weeks prior to the Council meeting. Should the Council not adopt the recommendations of the Committee on Constitution and Bylaws, it shall act immediately upon the original petition. (6/26/73)

d. Within thirty days after the Council meeting at which a petition to amend the Constitution and/or Bylaws has been presented for consideration, opponents of the proposed petition may submit written arguments to the chair of the committee which has been assigned primary substantive responsibility; the chair shall prepare summaries of these arguments and of any rebuttals by proponents, for inclusion, in association with the proposed amendment, in the agenda of the Council meeting at which action is to be taken. The Chair of the Society Committee on Budget and Finance shall prepare a financial impact statement which also shall appear in the Council agenda when action is to be taken on the petition. (11/12/79)

e. The petition may be voted on at the first Council meeting at which it is considered, as a matter of urgency. Each petition to be presented for urgent action must be so designated in the agenda for that Council meeting. Such immediate action may be taken only if the Council determines by a three-fourths (3/4) vote that sufficient urgency exists. In taking immediate action, the Council shall act on the original petition unless the Committee on Constitution and Bylaws shall submit to the Council an alternate proposal, in which case the Council shall act first upon the alternate proposal. (7/17/68)

f. Each petition for amendment of the Constitution shall require both the approval of the Council and ratification by vote of the membership of the SOCIETY for adoption, but no such petition shall be submitted to the membership unless first approved by the Council. (7/17/68)

If the Council approves the petition, the amendment shall be submitted to the membership for vote at the time of the next SOCIETY election, except that the Council may rule that the ballots be distributed at an earlier date. In any balloting on Constitutional amendments, an opportunity shall be provided for proponents and opponents of the petition to submit statements of their respective positions. Summaries of such statements shall be prepared by the Committee on Constitution and Bylaws and included with the ballot. The balloting shall be conducted according to the requirements specified in the Bylaws. (11/15/04)

Sec. 3.

The Executive Director shall communicate the results of the vote to the President, and to the members through the official organ of the SOCIETY. No amendment shall be ratified unless two-thirds (2/3) of the members voting on the proposal vote in its favor. Each amendment shall become effective when ratified unless a later date is specified. (11/12/79)

(10/4/99)

A person whose resignation was received within the specified time limit, or whose membership was terminated through the nonpayment of dues, may be reinstated as a member of the SOCIETY by the Council Committee on Membership Affairs when that person requests reinstatement and has paid the current dues. (1) Each Local Section shall have at least one Councilor. (1/1/64)

(2) The total number of Councilors representing the larger Local Sections shall be not fewer than 280 or more than 320. A larger Local Section is defined as one in which the number of members is equal to or greater than one-half the constant defined elsewhere in this Bylaw. (1/1/64)

(3) The number of Councilors authorized for each of the larger Local Sections for a four-year period beginning in a year divisible by four shall be determined by dividing the number of members of the Local Section (official count of December 31 of the second preceding year) by a constant (divisor). The number of Councilors so determined shall be equal to the whole number of the quotient plus one for any fraction in the quotient equal to or greater than 0.550; for a Local Section to lose a Councilor position once it has been authorized, the fraction must become equal to or less than 0.450. The divisor shall be established by the Council Policy Committee prior to May 1 of the first preceding year, and its value shall be such that the total number of Councilors from the larger Sections shall be within the limits set elsewhere in this Bylaw. (11/23/71)

b. Councilors Elected by Divisions

(1) The number of Councilors authorized for each Division for a four-year period beginning in a year divisible by four shall be determined from the number of paid members of the Division (official count of December 31 of the second preceding year). Prior to May 1 of the first preceding year, the Council Policy Committee shall select a cut-off figure, \( n \), such that Divisions with up to \( n \) members shall have one Councilor, those with \( (n+1) \) to \( 2n \) members shall have two Councilors, those with \( (2n+1) \) to \( 3n \) shall have three Councilors, and those with greater than \( 3n \) shall have four Councilors. (12/11/88)

(2) The Secretary of each Division shall certify to the Executive Director of the SOCIETY not later than December 1 of each year, much earlier if possible, the names, addresses, and terms of the elected Councilors from said Local Section for the ensuing year and shall name the individual or individuals to be disqualified if the Section’s representation is reduced as a result of the official determination of representation provided elsewhere in this Bylaw. (11/12/79)

c. Elected Councilors

A Councilor disqualified during a term by reduction in a Local Section’s or Division’s representation as a result of the official determination of representation provided elsewhere in this Bylaw shall remain a voting Councilor until the expiration of that existing term. (9/14/79)

e. Alternate Councilors

(1) The number of Alternate Councilors elected by each Local Section and by each Division shall equal the number of Councilors to which each is entitled.

(2) The Secretary of each Local Section and of each Division shall certify to the Executive Director of the SOCIETY not later than December 1 of each year, the names, addresses, and terms of the elected Alternate Councilors from said Local Section and from said Division for the ensuing year. (11/23/71)

(3) All communications sent to Councilors also shall be sent to Alternate Councilors, but the latter shall not receive ballots. (10/19/04)

To gain admission to the Council meeting, said Alternate Councilor shall present a certificate signed by the Secretary of the Local Section or Division certifying that said Alternate Councilor is to substitute for said absent Councilor. (6/8/91)

(5) There shall be no alternates for Ex Officio Councilors, provided, however, that each Ex Officio Councilor, if absent, may send a representative to report to the Council and to report the meeting to the Ex Officio Councilor. (6/8/91)

f. Temporary Substitute Councilors

If every Councilor and Alternate Councilor of a given Local Section or Division will be absent from a Council meeting, and thus leave the Local Section or Division without representation at such meeting, the Local Section or Division may designate one of its MEMBERS as a fully accredited Temporary Substitute Councilor, with power to vote, to represent the Local Section or Division at that one Council meeting. In such case, the Executive Director must be notified at least fifteen days in advance of the Council meeting in order to assure certification of eligibility by the Committee on Nominations and Elections. (11/23/71)

g. Voting

A Councilor shall be entitled to only one vote, regardless of the number of categories under which that MEMBER may qualify as Councilor. (6/8/91)

h. Nonvoting Councilors

(1) The Council Policy Committee and the Executive Committee of the Board of Directors shall jointly designate the nonvoting Councilors and shall establish the term for any not in an ex officio capacity. These shall thereafter be specified by title in a Regulation.

   a. As a nonprofit organization, stewardship of SOCIETY resources is essential. Travel and expense practices for all SOCIETY officers and directors shall comply with policies applicable to ACS staff generally. It is the policy of the Board that all foreign travel by any member of the Board shall meaningfully support the strategic objectives and global interests of the Board. (12/2/16)

   b. Each Director of the SOCIETY, whose domestic travel in the performance of official SOCIETY duties is authorized by the Chair pursuant to policies approved by the Board, and who is not a member of the Presidential Succession, shall be reimbursed by the Board for necessary, reasonable, and actual out-of-pocket expenses incurred. Board members not in the Presidential Succession contemplating foreign travel as part of their Board duties must obtain advance approval for the planned expenditure from the Chair of the Board. The Board recognizes that differences in the nature and duties of Standing Committees support variances in their term limitations; however, unless otherwise specified herein or by the Board, no one shall serve more than three successive terms on the same Standing Committee. Unless otherwise specified by the Board, the Chair of the Board annually shall designate the chair of each committee. (12/2/16)

(12/2/16)

The responsibility of the Board for selection and appointment of the independent auditors is delegated to the Committee on Audits. The Committee’s job is one of oversight. Whenever any business matter, which is to be considered by Board-related bodies, Officers of the SOCIETY, or Key Employees as defined by the Internal Revenue Service in its Form 990, involves activities or information that might directly or indirectly place a participant in a special conflict of interest, then the affected individual should consult with the General Counsel. If the General Counsel determines that a direct or indirect conflict of interest exists, then the individual shall refrain from participating in the consideration of, or any voting upon, such matter. All Officers of the Society, Key Employees, and members of the Board, the Society Committee on Budget and Finance, and such other Board-related bodies as the Board may determine (“covered individuals”), shall complete and sign conflict of interest disclosure forms annually and provide them to the General Counsel for review and advice. The General Counsel’s form shall be submitted to the Executive Director & CEO for review. (12/2/16)

PRF Applications and National Awards. In order to avoid the appearance of a conflict of interest, the name of a current member of the Board may not appear as a principal investigator on a proposal for a grant-in-aid from the AMERICAN CHEMICAL SOCIETY Research Fund, nor should a Board member participate in the process of nominating or seconding such individual. The Board member seeking such nomination or seconding shall require the affirmative vote of two-thirds (2/3) of those Board members eligible to vote. A determination as to whether defense or indemnification of an employee or agent is appropriate shall be made by a majority vote of disinterested Directors even if such Directors do not constitute a quorum. The SOCIETY may advance expenses to, or may itself undertake the defense of, any Director, officer, employee or agent; provided, however, that such person shall repay or reimburse such expenses if it should be ultimately determined that he or she is not entitled to defense or indemnification. The provisions of this Regulation shall not be exclusive or in limitation of any other rights to which Directors, officers, employees, or agents, may be entitled. (12/2/16)

III. EMPLOYEES

1. Authorization of Staff Positions and Salaries. The Board shall determine salaries for the Executive Director & CEO, the Secretary, and the Treasurer & CFO of the SOCIETY and, subject to its review and the advice of the Standing Committee on Executive Compensation, approve recommendations of the Executive Director & CEO for salaries of other heads of staff divisions reporting directly to the Executive Director & CEO. (12/2/16)

All contracts and documents obligating the SOCIETY to expenditures or the commitment of the SOCIETY’s name must be documented in writing; and the terms of these contracts must be approved by individuals having appropriate levels of authority and knowledge to make such commitments pursuant to the written expenditures and contracts policy and must be consistent with approved budgets. (12/4/04)
Any document or contract that requires the signature of an officer may be signed by the Chair of the Board, Executive Director & CEO, Secretary, or Treasurer & CFO of the SOCIETY. Any authorized contract that does not require the signature of an officer of the SOCIETY may be signed by a member of the staff authorized by the Executive Director & CEO pursuant to the expenditures and contracts policy. (12/2/16)

Any and all contracts of employment between the SOCIETY and its employees or prospective employees that are intended to create or to express anything other than an “at will” relationship shall be approved in advance of execution by the Board. (8/21/04)

2. **Executive Initiatives.** There shall be established in each annual budget of the SOCIETY a fund of up to $100,000 to be used at the discretion of the Executive Director & CEO for funding unbudgeted items. Reports on the use of the fund shall be provided annually to the Board. (12/2/16)

There shall be established in each annual budget of the SOCIETY, funds for the operation of the offices of the President-Elect, President, and Immediate Past President in the amounts of $40,000, $175,000, and $40,000, respectively, for the special expenses incurred by the incumbents of those offices during the specific fiscal years. Such expenses may include costs of officer’s travel as an official representative of the SOCIETY; programming at national, regional, or other ACS-affiliated meetings; special task forces and initiatives; and necessary office administration costs. Annual expenditures expected to exceed these amounts (excluding funds raised on behalf of the officers’ activities from external sources or unspent from their years as President-Elect or President) or one-time expenditures or initiatives expected in total to exceed $10,000 require approval in advance by the Board. Any amounts spent by the President or President-Elect from, and in excess of their annual budgets, shall be deducted in equal amounts from their next year’s budgets, despite receiving prior Board approval to exceed their budgets. (12/2/16)

3. **“One-Time” Appropriations.** The approval of the Board is not required to redirect funds with an existing budget for “one-time” expenditures if the annual cost is less than $100,000. Such expenditures may be initiated at any time upon concurrence of the Executive Director & CEO. Any such expenditures shall be reported, for information only, to the Society Committee on Budget and Finance and to the Board. (12/2/16)

(12/2/16)

7. **Foreign Currency Risk Management Policy.** It is the policy of the SOCIETY to minimize the impact of adverse foreign currency fluctuations on its competitive position in foreign markets and its financial performance, as measured in US dollars. (12/4/04)

To minimize foreign currency risk, the SOCIETY shall utilize appropriate financial hedge instruments such as forward contracts and currency options. (12/4/04)

The authority and responsibility for managing the SOCIETY’s foreign exchange risk shall reside with the Office of the Treasurer & CFO. The Treasurer & CFO, or his/her designee, shall have authority to enter into appropriate financial hedge instruments in order to minimize the foreign currency risk associated with a specific fiscal year’s revenue and expenses. The contracts can be for amounts not to exceed the foreign currency forecasts for the specific fiscal year. Contracts that are not entered into to specifically hedge a contractual, firm, or forecasted foreign currency exposure shall be considered speculative, and are prohibited under this policy. (12/2/16)

On an annual basis the Treasurer & CFO will report to the Executive Director & CEO on the results of the foreign exchange risk management process. (12/2/16)

8. **The AMERICAN CHEMICAL SOCIETY Petroleum Research Fund.** The Treasurer & CFO of the SOCIETY is authorized to maintain separate investment, banking, and other appropriate accounts for the AMERICAN CHEMICAL SOCIETY Petroleum Research Fund (“ACS-PRF”) and to segregate and maintain all income and other funds that are generated from its various assets in those separate accounts until monies are disbursed therefrom according to the terms of the Agreement of Transfer dated October 25, 2000. (12/2/16)

### V. MEETINGS

1. **Meeting Finances, Shared Responsibility.** When a Local Section, upon the request of the Executive Director & CEO, assists in the organization and operation of a national meeting of the SOCIETY, the responsibilities to be discharged by the Local Section shall be described in detail in writing, and a budget shall be agreed upon between the Local Section and the Executive Director & CEO. Reasonable diligence shall be used by the Local Section to maintain expenditures within budget estimates. Any elaboration by the Local Section of approved and budgeted plans shall be at the expense of the Local Section. Any disagreement between the Local Section and the Executive Director & CEO with regard to financial matters shall be referred to the Board for resolution. (12/2/16)

2. **Funds Contributed for Meetings.** It is the declared policy of the SOCIETY that a Local Section or Sections, on the occasion of providing for meetings of the SOCIETY, shall limit any solicitation of funds to the territory of such Section or Sections.

3. **Papers for Meetings.** The following Regulations for papers presented before national, divisional, regional, or other major meetings of the SOCIETY supplement pertinent Bylaw provisions:
   a. **Authorship of papers** shall be accredited only to individuals and not to companies or laboratories.
b. Therapeutic Papers. It is the policy of the SOCIETY to encourage the presentation of chemical papers with pharmacological and physiological aspects, but to discourage presentation, by other than qualified clinical investigators, of papers in which clinical interpretations are the principal contribution. All Divisions and other programming units shall adhere to this policy when determining the acceptability of papers for their meeting programs. The Divisions and other programming units also are urged to exclude from their programs, and especially from any abstracts issued, statements recommending procedures for the treatment of human disease or announcement of any “cures” not confirmed by competent medical authority. Any author contributing a paper that includes discussion of the treatment of human disease must submit for review, by representatives of the appropriate Division or other programming unit, a complete manuscript in addition to an abstract. (12/4/04)

c. Honoraria. The payment of an honorarium by the SOCIETY or any of its constituent units to the author(s) of any paper presented at a national, regional, divisional, or other major meeting of the SOCIETY is strongly discouraged, unless the presentation is part of an educational session for which a separate fee is charged. If, in unusual circumstances, the organizers of a meeting consider payment of an honorarium essential, they must obtain prior approval by the Executive Director & CEO, who shall decide each case on its own merits, taking into account the possibility of establishing an undesirable precedent. The Executive Director & CEO may, in any especially difficult case, refer the matter to the Executive Committee of the Board for final decision. For the purpose of this Regulation, awards presented by the SOCIETY or any of its units are not considered honoraria. ACS officers and employees may not personally retain honoraria from non-ACS sources for activities, event appearances, or services provided, that were made in their official ACS capacity, but they may directly transfer the value, or request that such honoraria be donated directly, to an official ACS program or activity. (12/2/16)

4. Meeting Publicity. Responsibility for publicity for all major meetings of the SOCIETY rests with the ACS staff office responsible for public affairs. All such publicity shall be released to the press only by or in cooperation with that office. (12/2/16)

5. Programs for National Meetings. The official program for a national meeting shall be the schedule of papers that appears on the SOCIETY’s website. The Executive Director & CEO shall set deadlines for material to be published in the official program for each national meeting. The Executive Director & CEO shall further establish a deadline beyond which titles and abstracts of papers to be included in the meeting program may not be accepted by Divisional officers and other programming units, and a deadline for submission of their completed programs to the Executive Director & CEO’s office. (12/2/16)

6. Functions Listed in Meeting Programs. Official meeting programs of the SOCIETY shall not contain notices or records of functions or meetings of non-ACS groups, except by authority of the Executive Director & CEO. (12/2/16)

7. List of Meeting Registrants. The copying, printing, or publication of any list in whole or in part of the names and addresses of registrants at national, regional, divisional, or other major meetings of the SOCIETY is prohibited, except by authority of the Executive Director & CEO. (12/2/16)

8. Joint Meetings with Other Organizations. Guidelines for SOCIETY cosponsorship of meetings shall be established by the Executive Director & CEO and provided by the Secretary to those organizations wishing to cosponsor meetings with the SOCIETY. The Executive Director & CEO is authorized and instructed to ensure that Divisions, Local Sections, and other units comply with the approved guidelines. (12/2/16)

9. Meeting Cosponsorships and Alliances. The Board delegates to the Executive Director & CEO authority to approve requests for cosponsorship of meetings and to approve international alliances, whether such requests are cooperative or nominal, when the SOCIETY is to be the sponsor or alliance partner. Cooperative meeting cosponsorship requests and international alliance requests that exceed the financial commitment level specified in Regulation IV, 3 require the additional approval of the Board, upon the recommendation of the Committee on Professional and Member Relations, unless the funds are available for this purpose within an approved budget. (12/2/16)

VI. PUBLICATIONS AND INFORMATION SERVICES

a. Publications and Information Services. To carry out the objects of the SOCIETY, as stated in the Charter and Constitution, the SOCIETY shall publish information products and services, which shall include the printed publications and digital information services in formats produced by the Chemical Abstracts Service and Publications Divisions of the SOCIETY, and such other SOCIETY publications as may be authorized by the Executive Director & CEO or the Board or the Governing Board for Publishing as its designee. (12/2/16)

b. Chemical & Engineering News. Chemical & Engineering News (C&EN) shall be the official organ of the SOCIETY for the dissemination to its members of information about SOCIETY business. (12/4/04)

(1) The Chemical & Engineering News Editorial Board. There shall be a C&EN Editorial Board, of which the Chair of the Society’s Committee on Publications shall be the Chair. The Editorial Board shall have a total of seven members. Two of the C&EN Editorial Board members shall be the Chair of the Board and the President of the SOCIETY, or their respective designees chosen from the membership of the Executive Committee of the Board. The remaining four members of the Editorial Board shall be appointed annually and jointly by the Chair of the Board and the Chair of the Committee on Publications, subject to recommendation by the C&EN Editor-in-Chief, provided that at least four of the seven members of the Editorial Board shall be members of the Committee on Publications or Governing Board for Publishing. All members of the Editorial Board shall be expected to keep themselves informed on the operation and published content of C&EN and the Guidelines for its publication. The Editorial Board shall have responsibility for monitoring and reporting on the editorial and related operational performance of C&EN and shall submit its findings to the Committee on Publications annually, along with any recommendations for corrective action(s) as warranted. (12/2/16)

(2) The following shall be the responsibilities of the C&EN Editorial Board: (12/2/16)

(a) The Editorial Board is intended to serve as a communications link among the ACS Board (exercised
Regulations (R)

through the Committee on Publications) and the Editor-in-Chief and staff of C&EN, and to represent the needs and interests of the Society’s membership. (12/2/16)

(b) The Editorial Board shall meet at least twice a year, if practicable once at each national ACS meeting. Additional meetings may be scheduled at the discretion of the Chair or at the written request to the Chair by any five members of the Editorial Board. (12/2/16)

c. The Editorial Board shall advise the Committee on Publications on matters of editorial policy and recommend general operational guidelines for the publication of C&EN. (12/2/16)

d. The Editorial Board shall advise the Editor-in-Chief of C&EN on matters of editorial policy, and shall respond to the Editor-in-Chief’s requests for guidance. (12/2/16)

e. The C&EN Editorial Board shall review and assess the effectiveness of C&EN in meeting its objectives. Society member opinion shall be sought and considered. (12/2/16)

(f) The Editorial Board shall receive periodic written status reports (not less than once per year) from the C&EN Editor-in-Chief on current editorial content and features of the periodical. Recommendations for improvement shall be discussed with the Editor-in-Chief and presented in writing to the Committee on Publications as warranted. (12/2/16)

(g) When requested, the Editorial Board shall serve to mediate conflicts and shall be authorized to adjudicate disputes between the C&EN Editor-in-Chief and Society members, Sections, Divisions, or other official units of the SOCIETY. (12/2/16)

c. Establishment and Termination of Society Publications.

(1) Prior Approval of the Board. The establishment or acquisition of a new publication to be produced by any unit of the SOCIETY other than Chemical Abstracts Services Division or the Publications Division shall require prior approval of the Board when the topical scientific field of such a publication is covered or could be covered by an existing or potential new publication of the SOCIETY. This Regulation shall not apply to newsletters issued by Division, Local Section, or ACS staff units. (12/2/16)

(2) Publishing by a SOCIETY Division or Local Section. The approval of the Board shall be required before a Division or Local Section may publish any printed or digital online edition on a subject that concerns a public matter of national import or on a subject area on which Division or Local Section position statements are subject to action by the Executive Director & CEO and/or Board approval, as specified in the Bylaws. (12/2/16)

(3) Publication of New Journals and Information Products. The establishment or acquisition of journals and other new information products by the Publications Division shall require approval of the Governing Board for Publishing, which shall report such approval to the Board and to the Committee on Publications. (12/2/16)

(4) Termination or Divestiture of Journals and Magazines. The termination or divestiture of journals and other information products of the Publications Division shall require approval of the Governing Board for Publishing and shall be undertaken following consultation with the Board. Any such termination or divestiture shall be reported to the Board and to the Committee on Publications. (12/2/16)

2. Rights and Responsibilities of Editors of SOCIETY Publications.

a. General Principles. The journals and other information products of the SOCIETY shall be edited and published in a manner consistent with the mission and objects of the SOCIETY. Toward that end, Editors shall serve as independent contractors engaged by the Society (through its Publications Division); they and their staffs are expected to show a sense of responsibility toward the SOCIETY membership and the broader global chemistry enterprise, and a sensitivity to the disparate views and interests of the diverse chemists and chemical engineers who constitute the SOCIETY membership, as well as diverse scientists in allied areas of the sciences. Editors are expected to perform their duties so that the published articles and accompanying editorials and other supporting information reflect fairly, fully, impartially, and in balance the known facts involved. Within these limitations, Editors retain final responsibility for editorial decisions relative to the scientific content of their assigned publications, and no attempt shall be made by the Board, its members, its committees, including either the Governing Board for Publishing or the Committee on Publications, to instruct Editors in the day-to-day performance of their editorial responsibilities. Should an Editor’s judgment prove to be questionable or is deemed by the Board or the SOCIETY’s Committee on Publications to be unacceptable, the Board should replace the Editor rather than attempt to supervise the Editor in the performance of assigned duties. (12/2/16)

b. Financial Responsibility. Although Editors enjoy freedom with respect to matters related to scientific editorial content, they are subject to budgetary and other financial limitations as imposed by the SOCIETY, and they likewise must adhere to operational policies and practices enacted by the Publications Division regarding technical aspects of publication, including such matters as the production, marketing, sale, and distribution of their respective publications in various formats and media. Provided that such technical matters do not encroach upon the effective communication scientific editorial content, this adherence by Editors to policies and practices as established by the SOCIETY shall include but is not limited to such production-related items as print page size and layout and the selection of paper; choice of typefaces; design of online and mobile display formats; and the choice of typesetters, printers, and digital platform vendors and other distribution partners. (12/2/16)

c. Content of Primary Publications and Research Journals. Editors of SOCIETY primary (peer-reviewed) research publications shall enjoy freedom with respect to the exercise of editorial prerogatives insofar as they pertain to the selection and scientific content of published articles. (12/2/16)

An editor shall not be subject to nor obligated to accept any recommendation or instruction from the Board, Executive Director & CEO, Governing Board for Publishing, Committee on Publications, President of the Publications Division, or any other officer or employee of the SOCIETY regarding the selection of articles for publication or the content thereof. For sensitive editorial content or matters in which the SOCIETY might be legally responsible for damages, Editors should consult with the President of the Publications Division or
the SOCIETY’s General Counsel in advance of publication. (12/2/16)

It is presumed that all Editors acting in the capacity of independent contractors of SOCIETY research journals will routinely use best practices of scientific “peer review” as a basis for editorial decisions to accept or reject submissions from authors. Guidelines and recommendations regarding such best practices of scientific peer review may be communicated to the Editor(s) by the SOCIETY Committee on Publications or designated Publications Division staff from time to time. For avoidance of doubt, the respective Editor is solely responsible for assuring that every author submission is provided a fair and equitable review, undertaken in accordance with the Ethical Guidelines to the Publication of Chemical Research, as established by the SOCIETY and updated periodically. (12/2/16)

3. Setting Subscription Rates and Charges.

   a. Subscription Rates and other Charges for Periodicals. Subscription rates and other charges for the sale and licensing of the SOCIETY’s periodical publications and other information products of the Publications Division shall be fixed by the Governing Board for Publishing as the designee of the Board. (12/2/16)

   b. Charges for Chemical Abstracts. Charges for Chemical Abstracts or any component part thereof, and for other publications or services of the Chemical Abstracts Service or other operating divisions, shall be established by the Governing Board for Publishing as the designee of the Board. (12/2/16)

   c. Surcharges for Members Residing Outside the United States. The Governing Board for Publishing, acting under its authority as the designee of the Board, shall fix the amount of any surcharge to reflect additional mailing or other distribution costs incurred by the SOCIETY in providing delivery of C&EN as the official organ of the SOCIETY to members residing outside the United States, pursuant to the Bylaws. (12/2/16)

4. Appointment of Editors. The Editor of any SOCIETY periodical referenced in Regulation VI, 1, a, or of any proposed periodical covered by that section, shall be appointed in accordance with the following procedures: (12/2/16)

   a. The Executive Director & CEO or the President, ACS Publications as designee, shall appoint an Editor Search Committee of not more than ten members, to include at least one member of the Committee on Publications, members of appropriate SOCIETY divisions, and the Editor of one other SOCIETY publication. A given Editor Search Committee member can fulfill more than one of these specific requirements. The President, ACS Publications, shall designate an ACS Publications staff member to serve as a staff liaison to the search committee, who will serve in an ex officio advisory (non-voting) capacity. (12/2/16)

   b. The Editor Search Committee shall function as a canvassing committee and shall assemble a recommended list of candidates, in order of priority. (12/2/16)

   c. The Chair of the Editor Search Committee is empowered to approach the candidate of highest priority and to secure indication of a general willingness to serve, in which case the chair shall transmit to the ACS Publications staff liaison the name of this individual for recommended approval by the Board via the Executive Director & CEO. (12/2/16)

   d. If the Board approves the candidate name transmitted, the President, ACS Publications, shall be authorized to make the formal contractual engagement of the new Editor. The Editor shall serve in the capacity of an independent contractor to the Society’s Publications Division, responsible to the Board. (12/2/16)

   e. Should the highest priority candidate indicate unwillingness to serve, or should the Board not approve the candidate recommended, the Editor Search Committee chair is empowered to approach the next highest priority individual on the candidate list as specified herein. (12/2/16)

   f. The Editor shall be responsible to the Board. (6/5/76)

5. Reappointment of Editors.

   a. The Editor of any SOCIETY periodical referenced in this Regulation, upon the expiration of a term of appointment, may be reappointed by the Board on recommendation of the Committee on Publications. The recommendation should include clear evidence that the Editor has adhered to the general principles described above and, further, has demonstrated appropriate fiscal responsibility consistent with high scientific editorial standards. Term lengths of contractual reappointment may be from 1-5 years in duration; although no mandatory term limits are imposed by the SOCIETY, in instances where service is recommended for more than three (3) consecutive terms, the consensus recommendation from the Committee on Publications should be accompanied by a comprehensive monitoring report on the editorial standing of the publication in comparison to its competitors, highlights of recent editorial accomplishments of significance, documentation that the Editor remains actively engaged in scientific research, and supported by a strategic editorial vision for the publication that is deemed to be in keeping with the needs of its intended audience. (12/2/16)

   b. The Editor shall be responsible to the Board. (6/14/98)

6. Associate Editors and Editorial Advisory Boards. The principal Editors of publications of the SOCIETY are authorized to appoint such Associate Editors to assist in the conduct of scientific peer review and editorial decision-making, subject to prior written approval by the President, ACS Publications or such individual’s designee, whose advice and guidance should be sought prior to the Editor making any contractual representations or discussing possible financial commitments to be made by the SOCIETY. Such appointments should be undertaken with consideration given to periodic rotation of appointees and achieving appropriate topical expertise and diversity of gender, ethnic, and global representation for the respective publication. The Editors of publications of the Society are also authorized to appoint members of Editorial Advisory Boards, or other editorial associates serving without compensation as advisors, as deemed by them to be necessary for the proper discharge of their responsibilities, provided that such appointees be selected with proper regard to the various scientific interests and topical fields covered by the publications and information services, and that provisions be made for periodic rotation of membership on such boards in order that new viewpoints may be represented, and appropriate gender, ethnic, and global geographic diversity be achieved. All such appointments described in the foregoing shall be reported to the Governing Board for Publishing and to the Committee on Publications. (12/2/16)

7. Use of Membership Lists. Permission to use the membership list of the SOCIETY, any Division, or any Local
Section may be granted internally or to an outside organization, provided the following conditions are met: (12/17/00)

a. that the Executive Director & CEO or authorized designee approve each proposed use and the terms of said use, and, in addition, for the separate use of a Local Section or Division list, that the executive committee of that unit similarly approve; (12/2/16)

b. that each Division and Local Section individual member must consent to be included in a print directory. Only those members who indicate a positive response with a list of allowable contact information may be included in the directory; (12/17/00)

c. that each Division and Local Section Web directory adhere to the same process as for print directories. Any Web directory must be hosted on the SOCIETY server. Each directory must be password-protected using the same rigorous security standards as in other areas of the SOCIETY; (12/17/00)

d. that the name of an individual member shall, upon request, be excluded from any controlled use; (1/1/84)

e. that substantial and effective safeguards be built into the process to assure protection of the SOCIETY membership list from theft and unauthorized use; and (1/1/84)

f. that the user permit use of its mailing list by the SOCIETY on a reciprocal basis, should the SOCIETY request it. (1/1/84)

Notwithstanding the above conditions, inclusion of basic member information in a Society-wide online membership directory (ACS Network) shall occur after each member is informed unless a member chooses not to participate. (8/14/09)

8. Reprinting. Editors of SOCIETY publications shall have the right to grant permission for limited reproduction from the publications for which they are responsible provided that adequate credit is given to the source. Requests for extensive reprinting are subject to approval by the Executive Director & CEO. (12/2/16)

9. Preprints. Print or digital copies of papers presented at a national or other meeting of the SOCIETY may be distributed by a Division for the convenience of its members and affiliates, provided that the following conditions are met: (12/2/16)

a. Preprint(s) issued by a Division shall not preclude eventual publication in one of the publications of the SOCIETY; provided, however, that each Editor of the publications of the SOCIETY shall have sole discretion to enact and enforce “prior publication” policies regarding the eligibility for subsequent peer review and publication of any author’s submission of a work that previously has been publicly disclosed in whole or in part as a preprint, in either print or digital form. (12/2/16)

b. Preprints issued by a Division shall be copyrighted in the name of the SOCIETY and shall carry the necessary copyright information. (4/4/65)

10. Business Management. The Executive Director & CEO is authorized and directed to handle all matters pertaining to the business management of the SOCIETY’s publications not covered by specific Regulations, and to report thereon to the Board at least once in each calendar year. (12/2/16)

11. Character of Advertising. It is the policy of the SOCIETY to accept primarily technical advertising intended for insertion in its publications that is related to chemicals, raw materials, industrial products, supplies, and equipment, and advertising that is related to natural resources, transportation, communication, and business services and equipment. The SOCIETY hereby reserves the right to accept or reject any advertising of any nature at all times. (12/4/04)

12. Testimonial Form of Advertising. The SOCIETY, as part of its policy of encouraging the distribution of scientific knowledge, differentiates clearly between the publishing of scientific information or technical data on the one hand, and testimonials or uncritical or inadequately supported statements on the other. Therefore, the SOCIETY disapproves of chemists’ or chemical engineers’ lending their names or support to the testimonial form of advertising, disallows any reference to the AMERICAN CHEMICAL SOCIETY in published statements of the testimonial type, and disapproves of statements that impose on the public’s confidence in the chemical profession. (12/4/04)

VII. MISCELLANEOUS

1. Headquarters. The headquarters of the SOCIETY shall be in Washington, D.C., and the address of the office of the Executive Director & CEO shall be the official address of the SOCIETY. (12/2/16)

2. Use of SOCIETY Name and Insignia. The name and insignia of the AMERICAN CHEMICAL SOCIETY may be reproduced in the form as described in the SOCIETY’s Constitution and as further specified in the ACS branding guidelines provided that: (12/2/16)

a. the use of the name and insignia is for purposes of the SOCIETY, its officers, Local Sections, Divisions, International Chemical Sciences Chapters, Committees, Technician Affiliates, or STUDENT MEMBERS; (6/30/09)

b. the use of the name or the insignia of the SOCIETY is not used to provide official endorsement of commercial businesses, products, or services, although permission may be granted by the Executive Director & CEO to use the ACS name in a list of a preferred vendor’s clients, and (12/2/16)

c. any design using the insignia does not show the insignia in contact with, or overlaid by, other graphics, or does not show the insignia smaller than, or in an inferior relationship to, other insignias. (4/5/92)

Express permission of the Board shall be required in any other instance where the name and insignia are proposed to be used, including situations where the insignia may be modified, altered, or adapted, and all situations where the user is other than the SOCIETY, its officers, or one of the aforementioned SOCIETY bodies. Where express permission is required, requests shall be submitted to the Board through the Executive Director & CEO. (12/2/16)

d. Insignia. The Executive Director & CEO, with advice from appropriate Council, Society, and Board Committees, is authorized to procure, fix rules for distributing, and make available to members, STUDENT MEMBERS, and Society Affiliates of the SOCIETY the emblem of the SOCIETY in such sizes and forms as the Executive Director & CEO deems desirable and for which there is reasonable demand. Any changes in style of the emblem shall be approved by the Board. (12/2/16)

e. All publications, products, services, and programs of the SOCIETY and their marketing and promotional communications shall clearly be identified as being provided by the AMERICAN CHEMICAL SOCIETY, unless the Executive
Director & CEO determines that there is a compelling reason for an exemption from these requirements. (12/2/16)

3. Contributions. As a matter of policy, the AMERICAN CHEMICAL SOCIETY does not contribute SOCIETY funds to health, welfare, civic organizations or other organizations that do not directly help advance the Society’s Objects, specifically, or science, technology, engineering, and mathematics (“STEM”), generally. Within the limits of his or her Initiative Fund, the Executive Director & CEO is authorized to make modest contributions (up to $10,000) to organizations and initiatives in furtherance of those objects, or of advancing STEM. Contributions to these organizations and initiatives from the Executive Director & CEO that exceed $10,000 require approval of the Board. (12/2/16)

4. Disposition of Old Files. The officers and heads of SOCIETY activities for which funds are budgeted by the SOCIETY are authorized and instructed to destroy from time to time, at their discretion but in accordance with retention schedules approved by the Executive Director & CEO, old and useless papers not of permanent value. Unless other requirements apply or otherwise specified by the Board, the period of retention of files is seven years. (12/2/16)

VIII. AMENDMENT OF BOARD REGULATIONS

These Regulations may be amended by two-thirds (2/3) affirmative vote of the Board members voting. (12/2/16)

The Committee serves as a resource to the chemical professional in providing advice and counsel on the handling of chemicals, and seeks to ensure safe facilities, designs, and operations by calling attention to potential hazards and stimulating education in safe chemical practices. The Committee also provides advice to other ACS units on matters related to chemical safety and health.

3. Chemistry and Public Affairs
   The Committee on Chemistry and Public Affairs is responsible for advice and recommendations for ACS action on public policy matters involving the chemical sciences and technologies. To accomplish this, the Committee on Chemistry and Public Affairs shall
   a. Identify and analyze legislative; regulatory; research; Science, Technology, Engineering, and Math (STEM) education funding; and other science policy issues that impact upon the chemical sciences technologies.
   b. Define, propose, implement, and, where appropriate, work with groups within ACS on courses of action with respect to the above issues, which include but are not limited to: recommendations to the Board on appropriate studies or actions which should be undertaken; comments on policy issues which may be incorporated in ACS official policy statements; providing expert advice to the government on questions concerning the chemical sciences and technologies; and establishing ad hoc and standing subcommittees or task forces of experts to deal with specific issues.
   c. Encourage and facilitate participation by the members of ACS in government relations.

4. Chemists with Disabilities

Guidelines for Preparing Petitions to Amend
the SOCIETY’s Constitution and/or Bylaws

These guidelines are from the Committee on Constitution and Bylaws (C&B) to help you prepare a petition, including an Explanation, to amend the Society’s Constitution and Bylaws. Contact C&B with any questions: bylaws@acs.org.

PRELIMINARY WORK.

a. Proposed Changes. Use the most recent edition of the ACS Governing Documents (Bulletin 5): http://www.acs.org/bulletin5. Search Bulletin 5 in case other Articles or Bylaws might also need to be changed.

b. Consult with Appropriate Committees and Staff of the SOCIETY. Consider how the proposed changes might affect other operations/areas of the Society. Before you collect signatures, consult with and provide a draft to all such committees and staff to identify potential issues.

PREPARING THE PETITION.

a. Style and Language. Include in the petition text from the Constitution and/or Bylaws that pertains to your proposed changes. Indicate amendments either by striking through words and punctuation to be deleted and underlining and bolding words to be added, or by using Track Changes. Use the Society’s conventions per Bulletin 5: 1) see the definitions of MEMBER vs. STUDENT MEMBER; “member” includes both categories; 2) use initial capital letters for officers, e.g. President and Councilor; 3) use official committee names, e.g. Committee on Divisional Activities (not DAC), etc. See other petitions in the Council agendas as examples.

b. Explanation. Petitions must include a clear, complete, and concise Explanation that explains why the petition is submitted and reflects the intent of the petitioners. The Explanation is critical in the consideration of the petition by Councilors and members of the SOCIETY committees. Remember that the Explanation is not included in the Constitution and Bylaws.

c. Consistency and Legality. Submit separate petitions for unrelated amendment(s). Send your draft to C&B at bylaws@acs.org for a preliminary review, preferably one month before the petition deadline. C&B will check if your petition is legal and consistent with the ACS Governing Documents.

OBTAINING SIGNATURES

a. The number of signatures required is not fewer than 10 voting Councilors or not fewer than 25 members of the SOCIETY, per Constitution Article XVIII. We suggest that you get a few more signatures than the required number in case one or more might be declared invalid. Getting an excessive number of signatures impedes the processing of the petition.

b. Individuals are voting Councilors only if they hold office on the date that the petition is received by the Executive Director of the Society. Only members (not affiliates) of the Society may sign the petition. Signatures from those who are Society Affiliates, Local Section Affiliates, and Division Affiliates are not acceptable and will be considered invalid.

c. Signatures must be submitted either on a copy of the petition or on a signature page that includes the name of the petition, the same date that’s put on the petition, and lines for Signature, Printed Name, Date Signed, and Yes/No to indicate if the person is a voting Councilor. Blank signature pages are available from C&B: bylaws@acs.org.

d. Valid Signature. A signature will be considered valid on a petition, which includes the same date as the signature page, if it is submitted by the petition deadline via email but only if the email includes a scanned signature, or by mail or fax. Proxies will not be accepted.

SUBMITTING THE PETITION

a. Deadline. Valid petitions must be received by the Executive Director of the SOCIETY not less than sixteen weeks before the Council meeting at which the petition is to be presented for consideration per Constitution Article XVIII. Submit the petition and all signatures together by either email to bylaws@acs.org, or by mail or fax.

b. After Submission. C&B will finalize the title of the petition and will prepare the petition as it will appear in the Council agenda. Petitioners will receive the petition for consideration, including the preliminary reports from B&F and C&B, and will receive the petition for action, including their final reports. The primary person who represents the petitioners will be invited to meet with C&B at the ACS national meeting at which the petition is up for consideration. Petitioners or opponents of the petition may submit comments or suggested changes to C&B, but not later than thirty days following the Council meeting at which the petition was presented for consideration.

c. Financial Impact. After the petition has been submitted, C&B will contact appropriate staff to get B&F’s assessment on how the proposed changes will impact the finances of the Society.
American Chemical Society
Volunteer/National Meeting Attendee Conduct Policy

One of the key strengths of the ACS has been the enduring and varied contributions made by its thousands of dedicated volunteers.

Another unassailable strength of the ACS is its outstanding national meetings program. ACS national meetings are among the most respected scientific meetings in the world. ACS national meetings offer scientific professionals a legitimate platform to present, publish, discuss, and exhibit the most exciting research discoveries and technologies in chemistry and its related disciplines. Furthermore, ACS national meetings facilitate networking opportunities, career development and placement, and provide organizations with opportunities to exhibit products and services to targeted audiences.

The Society’s Congressional Charter explicitly lists among its objectives “the improvement of the qualifications and usefulness of chemists through high standards of professional ethics, education and attainments....” The ACS expects its volunteers and national meeting attendees to display the highest qualities of personal and professional integrity in all aspects of their ACS-related activities. Indeed, every chemical professional has obligations to the public, to volunteer and staff colleagues, and to science.

Accordingly, and to foster a positive environment built upon a foundation of trust, respect, open communications, and ethical behavior, the ACS Board of Directors has issued this Conduct Policy. It applies to ACS Volunteers, i.e., it applies to individuals conducting the business and affairs of the ACS without compensation for that conduct. It also applies to attendees at ACS national meetings. Volunteers and national meeting attendees should at all times abide by this Conduct Policy. Specifically:

1. Volunteers should understand and support ACS’s vision and mission.

2. Volunteers and national meeting attendees should contribute to a collegial, inclusive, positive, and respectful environment for their fellow volunteers and attendees, as well as for other stakeholders, including national meeting vendors and ACS staff.

3. Volunteers and national meeting attendees must avoid taking any inappropriate actions based on race, gender, age, religion, ethnicity, nationality, sexual orientation, gender expression, gender identity, marital status, political affiliation, presence of disabilities, or educational background. They should show consistent respect to colleagues, regardless of the level of their formal education and whether they are from industry, government or academia, or other scientific and engineering disciplines.

4. Volunteers and national meeting attendees should interact with others in a cooperative and respectful manner. Volunteers and national meeting attendees should refrain from using insulting, harassing, or otherwise offensive language in their ACS interactions. Disruptive, harassing, or inappropriate behavior toward other volunteers, stakeholders, or staff is unacceptable. Personal boundaries set by others must be observed. Harassment of any kind, including but not limited to unwelcome sexual advances, requests for sexual favors, and other verbal or physical harassment will not be tolerated.

5. Volunteers must obey all applicable laws and regulations of the relevant government authorities while acting on behalf of the ACS. Likewise, national meeting attendees must obey all applicable laws and regulations of the relevant government authorities while attending ACS national meetings. Volunteers and national meeting attendees alike should also ensure that they comply with all applicable safety guidelines relating to public chemistry demonstrations.

6. Volunteers and national meeting attendees should only use ACS’s trademarks, insignia, name, logos, and other intellectual property in compliance with ACS regulations and directives as may be issued from time to time.

7. Violations of this Conduct Policy should be reported promptly to the ACS Secretary and General Counsel or to the Chair of the ACS Board of Directors. In cases of alleged persistent and/or serious violations of this Conduct Policy, the Board shall review the evidence and shall take such actions as may be appropriate, including but not limited to requiring volunteers to leave their volunteer position(s); precluding volunteers from serving in Society volunteer roles in the future; requiring national meeting attendees to leave the meeting; and, precluding meeting attendees from attending future ACS national meetings. ACS, through its Board of Directors, reserves the right to pursue additional measures as it may determine are appropriate.
