

## **Audio Transcript: (5) Module 5: Conclusions**

### ***5.1 Workshop summary***

#### **5.1.1 Final steps**

You have now completed all four modules of the *ACS Chemistry Advocacy Workshop*. Well done! We hope you feel empowered with your new knowledge and are ready to advocate for chemistry.

There are three final steps to take before exiting the course. First, on the next slide, you will answer 5 questions summarizing content from this course. This activity will provide information for ACS staff on how well participants retain the material covered in this workshop. Second, you will fill out a survey providing your feedback on the course. Finally, you will be able to download your personalized certificate of completion for the workshop.

For your convenience, if you would like to access any of the references or external resources provided throughout this course, they are compiled in the accordion folder titled 'Resources' at the top of the workshop's main menu.

#### **5.1.2 Summary activity**

This brief summary activity will cover content from each of the modules. Your responses will have no impact on your completion of the course, but will be used to help ACS staff evaluate the program. Please choose the correct statement from the options below based on what you have learned.

### ***5.2 Feedback survey***

Now we would like to hear your feedback about this course. Please answer the following questions, elaborating on your answers where you feel necessary.

### ***5.3 Certificate of completion***

Congratulations on completing the *ACS Chemistry Advocacy Workshop*. You now have the basic skills and knowledge to advocate for chemistry; the rest is up to you! As a membership organization, ACS is here to serve and support its members. By participating in this workshop, you have demonstrated your commitment to helping ACS advance the chemistry enterprise. Click on the button below to access your certificate of completion and please stay in touch with Act4Chemistry.
